

*Charity*  
**GOLF TOURNAMENT**

Jessica's House has a home thanks to the recent generous donation of land by the Bean family! Today we're reaching out to ask for your help in completing this important project. The estimated cost to build Jessica's House is between \$2 and \$3 million. This money needs to be raised by the community so there is still a lot of work to do!

On June 21st, 2017 Pfaff Electric Ltd. will be hosting a Charity Golf Tournament with all proceeds going to "Jessica's House" through the South Huron Hospital Foundation. **Our fundraiser is looking to the South Huron business and professional community for 'event partners' who would like to make a cash or prize donation, sponsor a hole and/or enter a ladies', men's or mixed golf team.** Donators will be recognized and will receive a tax receipt.

The Jessica's House residential hospice will be a welcome addition to our community and will provide palliative care resources for people of all ages and their families.

If you're interested in supporting this initiative, please contact us. We look forward to extending the effort to help make the Jessica's House vision become a reality. We hope you will too!

Thank you on behalf of Pfaff Electric Ltd. and our families.
